

DECLARATION FORM FOR THE SUPPLIER OF BIOBASED PLASTIC MATERIALS

Commission Decision (EU) establishing the EU Ecolabel criteria for absorbent hygiene products and for reusable menstrual cups

Declaration from the supplier of biobased plastic materials used for the absorbent hygiene product

This declaration is to be filled in by the manufacturer or by the supplier of biobased plastic material. The declaration shall be based on the best of the manufacturer's/supplier's knowledge at the time of declaring.

Manufacturer/supplier name _____

Manufacturer/supplier address _____

Manufacturer/supplier of:

(please specify) _____

- I declare that I will keep the competent body informed in case of any changes to our products or processes which influence the validity of this declaration

Criterion 4: Production of synthetic polymers and plastic materials (also applicable to biobased plastic materials)

Fill in one of the options:

OPTION 1/3

- I declare that the manufacturing facilities producing the cited biobased plastic material(s) used in the final product have systems for the implementation of:

- Water-saving;
- Integrated waste management;
- Optimization of energy efficiency and energy management.

It is mandatory to submit supporting information (e.g. report describing the procedures adopted to fulfil this criterion, please check the Decision)

- I attach supporting information.*

DECLARATION FORM FOR THE SUPPLIER OF BIOBASED PLASTIC MATERIALS

Commission Decision (EU) establishing the EU Ecolabel criteria for absorbent hygiene products and for reusable menstrual cups

OPTION 2/3

I declare that the manufacturing facilities producing the cited biobased plastic material(s) used in the final product are registered with EU Eco-Management and Audit Scheme (EMAS) and/or certified according to ISO 14001, ISO 50001, EN 16247 or an equivalent standard/scheme where:

the inclusion of water, waste and energy management plans for the production site(s) is documented in the company's EMAS environmental statement; or

the inclusion of water, waste and energy management plans for the production site(s) is sufficiently addressed by the ISO 14001, ISO 50001, EN 16247 or an equivalent standard/scheme

It is mandatory to submit supporting information (e.g. report describing the above requirement, please check the Decision)

I attach supporting information.

OPTION 3/3

I declare that I am the sub-contractor for waste management and:

have systems for the implementation of integrated waste management.

It is mandatory to submit supporting information (e.g. report describing the above requirement, please check the Decision)

I attach supporting information.

It is mandatory to submit compliance with criterion 7 for each biobased plastic material used for the absorbent hygiene product

I attach supporting information.
