

Towards zero pollution in Europe: Monitoring, progress and outlook

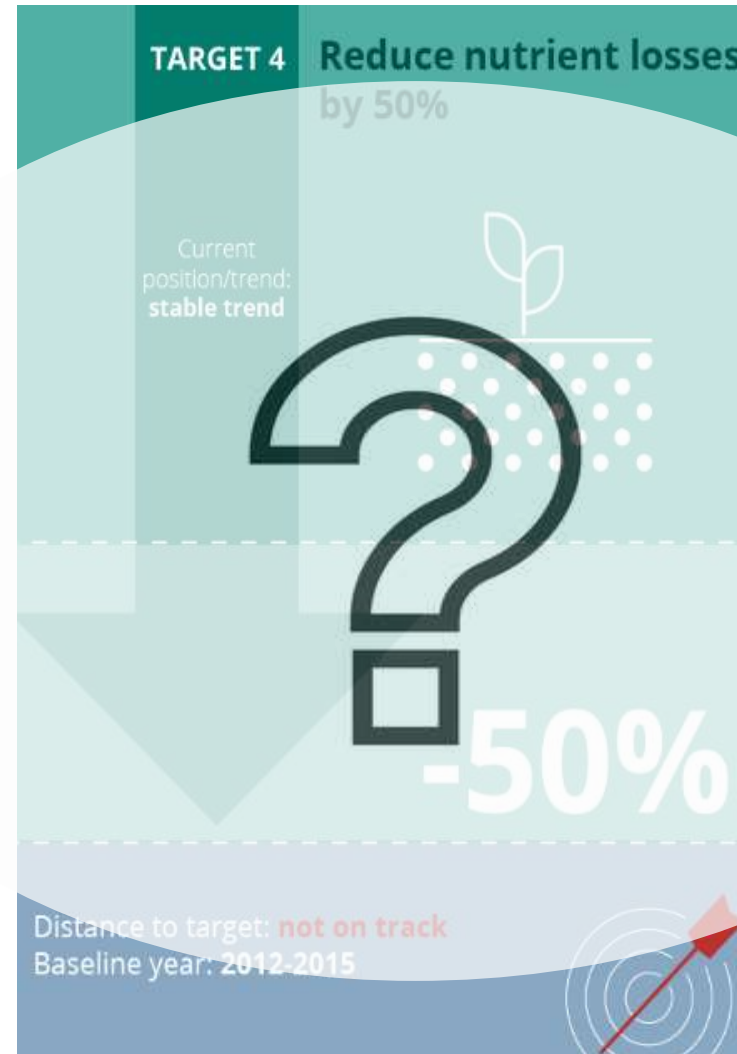

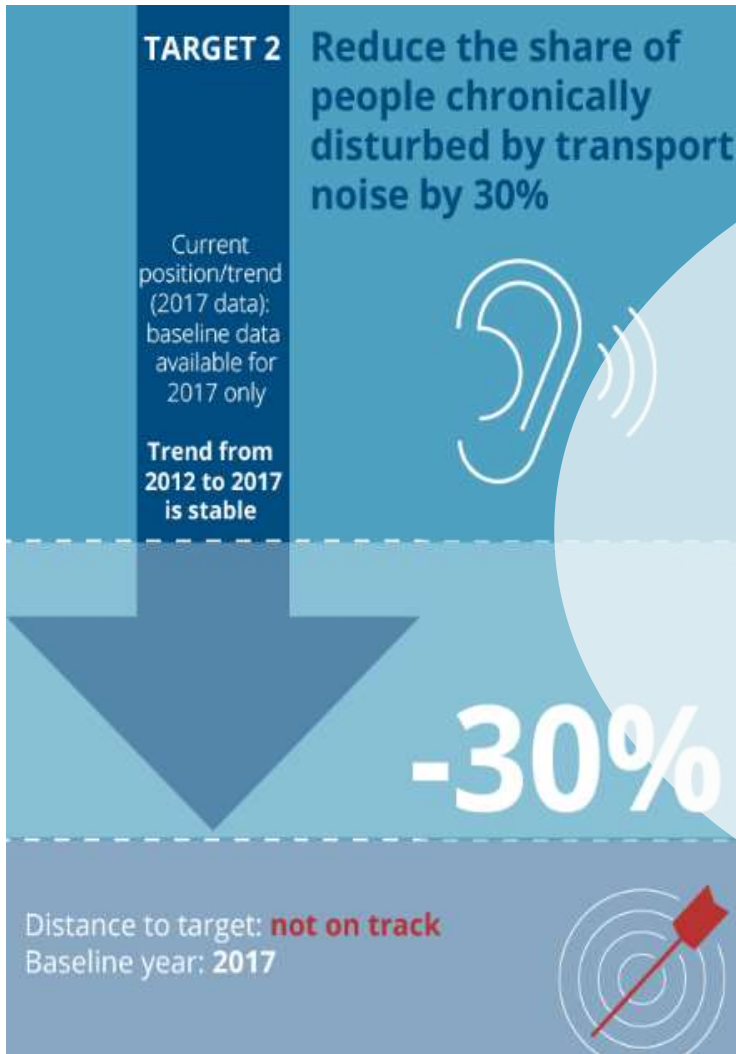

Leena Ylä-Mononen, EEA Executive Director, 18 April 2024

The good news: positive progress in some areas

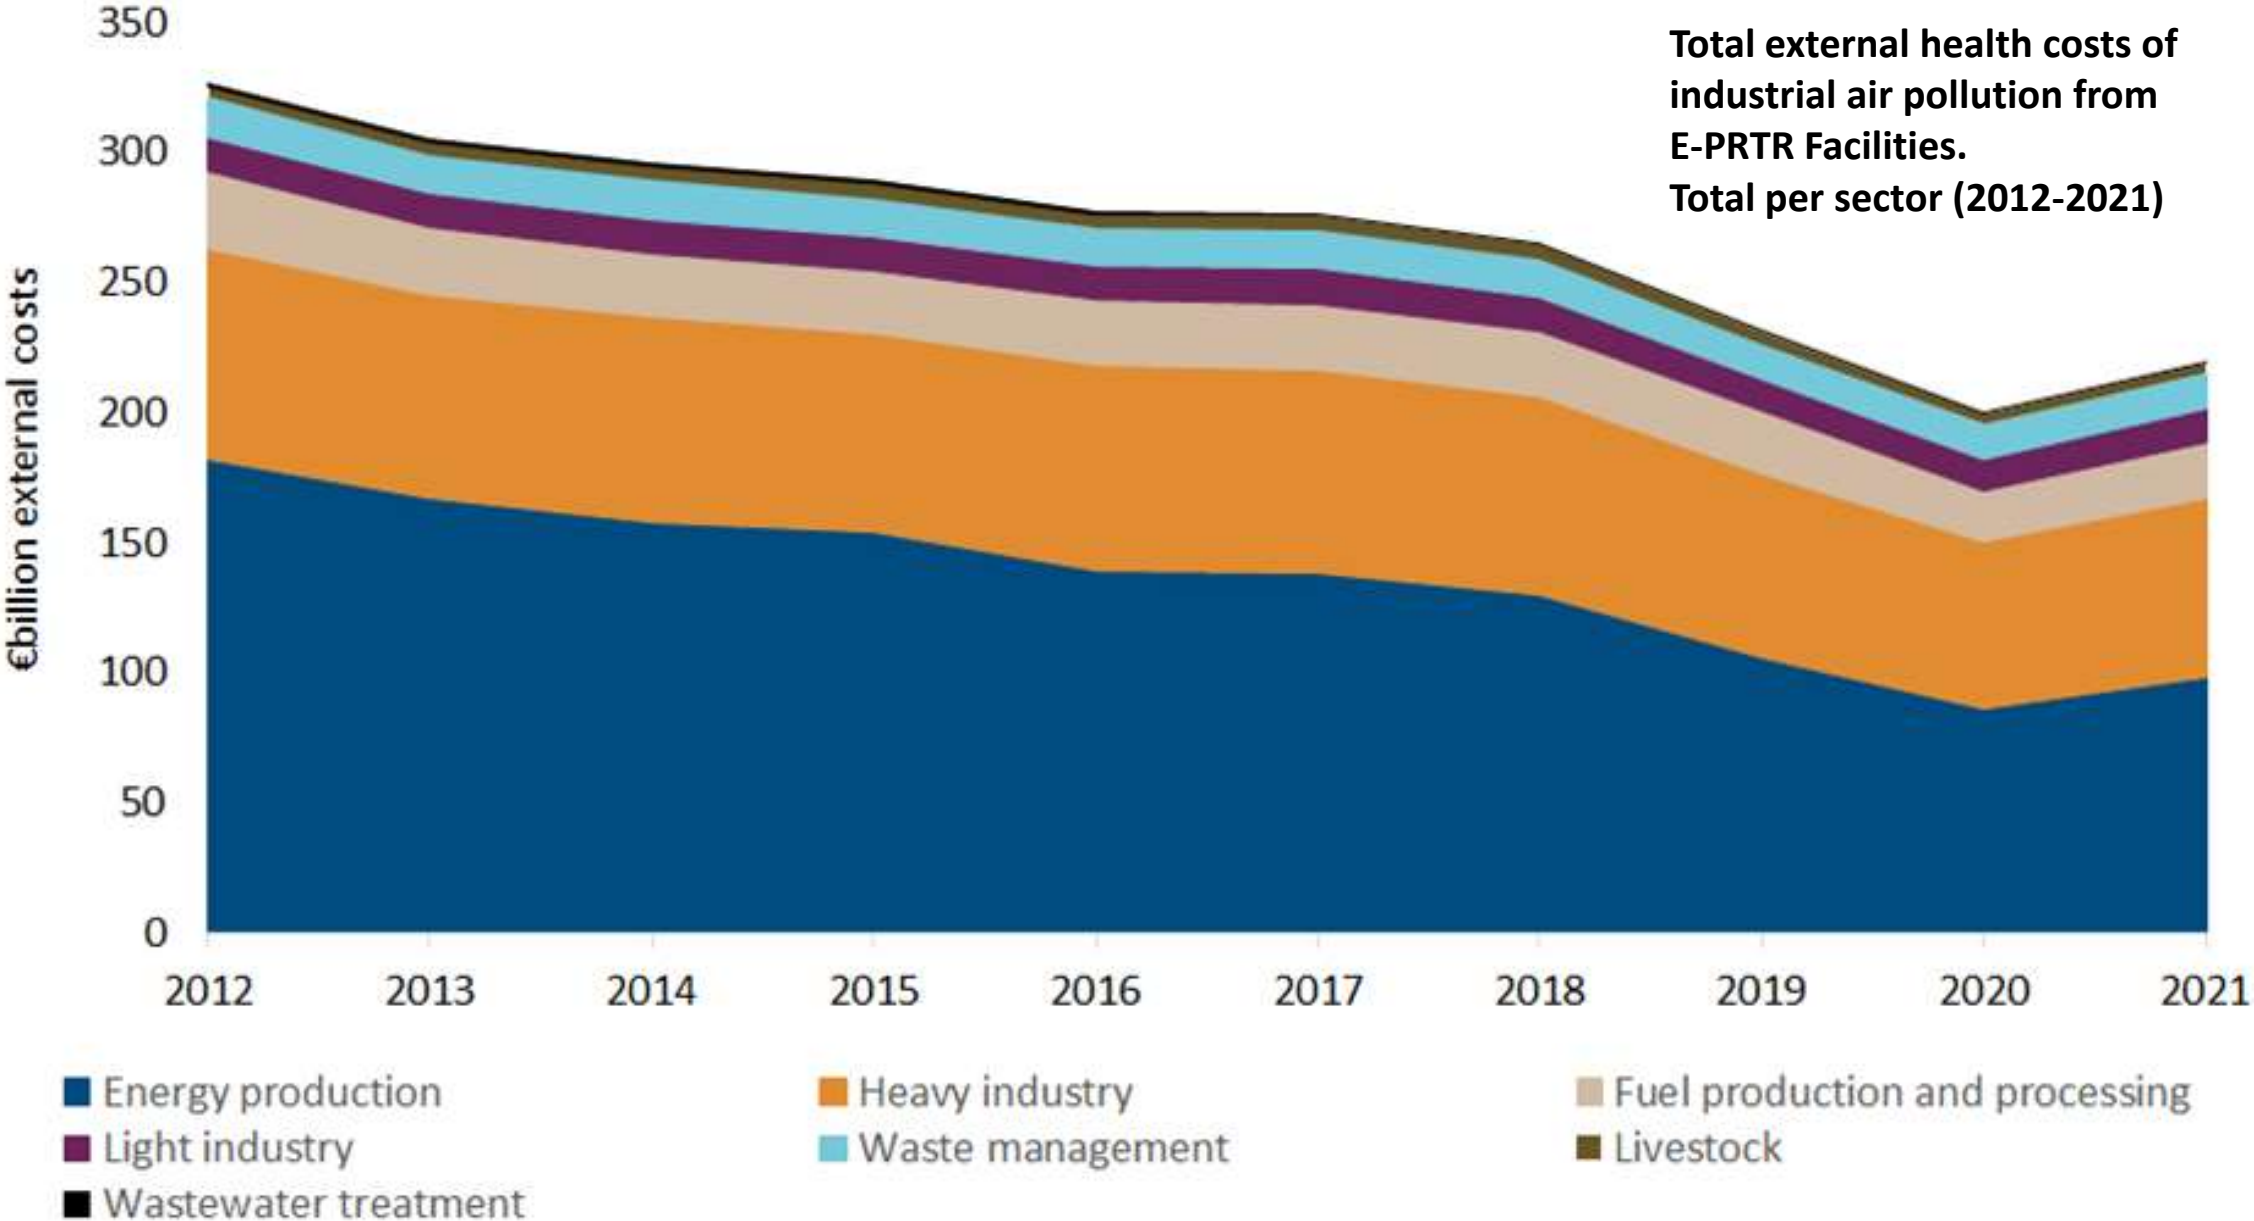

The not-so-good news: several targets not on track; knowledge gaps remain

New areas of knowledge

Rethinking production and consumption models to reduce pollution

Towards zero pollution in Europe: Monitoring, progress and outlook

Thank you

Leena Ylä-Mononen, EEA Executive Director, 18 April 2024
