

## Declaration from the tissue paper converter

According to the requirements set in the EU Ecolabel criteria for awarding the EU Ecolabel to graphic paper or tissue paper we hereby confirm the following:

Regarding the Framework and Aims of the criteria	YES	NO
Our products meet all respective requirements of the countries where they are placed on the market. Our production site meets all respective legal requirements of the country in which it is located.		
No part of the tissue paper product contains fragrances (for example cardboard tubes inside toilet paper rolls).		

Regarding Criterion 4(a) – SVHC restrictions	YES	NO
The paper product does not contain substances that are included in the Candidate List for Substances of Very High Concern in concentrations greater than 0,10 % (weight by weight).		

Regarding Criterion 4(j) – Lotions	YES	NO
No lotion formulation used is dosed in quantities that result in any individual substances with the CLP restricted classifications listed in criterion 4(b) being present in quantities exceeding 0,010 % (w/w) of the final tissue product. The sum of substances with any particular restricted CLP classifications does not exceed 0,070 % (w/w) of the tissue product		

Regarding Criterion 5 – Waste management	YES	NO
Our production site has a system in place for the handling of waste arising from the production process and a waste management and minimisation plan that describes the production process and includes information on the following aspects: 1) procedures in place for waste prevention; 2) procedures in place for waste separation, reuse and recycling; 3) procedures in place for the safe handling of hazardous waste; 4) continuous improvement objectives and targets relating to the reduction of waste generation and the increase of reuse and recycling rates.		
ISO 14001 certificate and/or EMAS registration is attached to support this confirmation.		

Regarding Criterion 6 – Fitness for use/Final product requirements	YES	NO
Our product conform with all normative documents.		
We declare that our product shall not result in the growth inhibition of micro-organisms. Relevant test reports in accordance with EN 1104 are attached to application.		

Regarding Criterion 7 and 8 – Information on the packaging – where applicable and – Information appearing on the EU Ecolabel	YES	NO
Our packages comply with the requirements of this criterion. An image of the product packaging is attached.		
We follow the instructions on how to properly use the EU Ecolabel logo provided in the EU Ecolabel Logo Guidelines: <a href="http://ec.europa.eu/environment/ecolabel/documents/logo_guidelines.pdf">http://ec.europa.eu/environment/ecolabel/documents/logo_guidelines.pdf</a> . An image of the product packaging is attached.
