#EUGREENWEEK
30 MAY - 5 JUNE 2022

The EU Green Deal and urban mobility

How ready are Europe's cities
for zero-emission transport?

2 June 2022, 14:00-15:30 CET | Webinar
Hosted by the [Clean Cities Campaign](#)

PARTNER EVENT

During this webinar we will assess where European cities currently stand when it comes to implementing the EU Green Deal with regard to urban mobility and what concrete solutions should be used as a matter of priority.

The Clean Cities Campaign will inform the debate by presenting the main results of its recent Pan-European City Ranking & Rating as well as representative city surveys and best practice analyses that focus on local and EU policies.
