

FEES TABLE

JULY 2023

DEFINITIONS

Below are reported EU Ecolabel fees as defined in the EU Ecolabel Regulation, for full text definitions please consult Annex III.

In case you need any additional information, you may contact your local Competent Body.

Application fee

The competent body to which an application is made shall charge a fee for processing the application. This fee shall be no lower than EUR 200 and no higher than EUR 2 000. Reductions may apply for some applications. For more information, consult Annex III of the EU Ecolabel Regulation or ask your competent body.

Annual fee

The competent body may require each applicant who has been awarded an EU Ecolabel to pay an annual fee. This can be a flat fee or a fee based on the annual value of sales within the Union of the product awarded the EU Ecolabel. The period covered by the fee will begin from the date of the award of the EU Ecolabel to the applicant.

Inspection fee

The competent body may charge an inspection fee, as the annual fee does not cover the cost of testing, verification and any on-site inspections that may be required. Applicants will cover the cost of such testing, verification and inspections themselves.

Extension and modification fees

Competent bodies may charge a fee for modification or extension of a licence. The fee for this shall not be higher than the application fee and any reductions shall also apply.
